Demonstration: synthetic data

Station check-in

A short, voluntary card. Please do not write your name or contact details. Tick one box unless a question says otherwise.

Need help now?
Emergency: call 911.
[Emergency and non-emergency help lines approved by the client go here]
Nobody reads this card for urgent help, and the staff handing it out cannot take incident reports.

1. How safe do you feel at this station right now?

1	2	3	4	5	6	7	8	9	10

1 = very unsafe; 10 = very safe

2. What affects how safe you feel here today? Tick up to 3.

- ☐ Lighting
- ☐ Crowding
- ☐ Behaviour of other people
- ☐ Waiting time or delays
- ☐ Knowing how to get help
- ☐ Staff nearby
- ☐ Too few people around
- ☐ Cleanliness or upkeep
- ☐ Information and announcements
- ☐ Something else

3. Do you know how to get help at this station if you need it?

☐ Yes ☐ No ☐ Not sure

4. Have you noticed a station board with dated updates?

☐ Yes ☐ No ☐ Not sure

Answer 5 and 6 only if you answered Yes to question 4. Otherwise you are done: thank you.

5. How much do you trust the updates posted at this station?

1	2	3	4	5

☐ No opinion

1 = not at all; 5 = completely

6. On the board, what does "Checked" mean?

☐ Staff checked this action on site ☐ The station is rated safe ☐ Not sure

[Approved collection notice goes here: who collects the answers, why, how long they are kept, and whom to ask.]

Station	Round	Date	Time band	Card no.

The boxes just above are for staff. Draft for discussion (v2.1): the final card, its wording, its timing test and its versions in two more languages follow the transit agency's approval. TransitX Labs Inc.
